Wrap-up

NEXT STEPS

Help us shape the NCCoE's CMVP automation project planning and execution!

- Provide feedback post October 5 Workshop

- Share approaches and tools for automated testing

- NCCoE will consult with Community of Interest as we develop a Project Description

- Comment on the Project Description

- Respond to the call for Letters of Interest to Be included in a *Federal Register* Notice

- As invited, enter into a Consortium Cooperative Research and Development Agreement (CRADA) and collaborate in the project

- Review and comment on project deliverables
